No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gentle:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

CALIFORNIA ITEMS.

A Chinaman was killed at Knight's Ferry, Cal., last week by a trap gun which had been set to kill a suspected robber of the sluice boxes.

Wm. T. Coleman of San Francisco has subscribed \$2500 to aid in meeting the necessary expenses of the forthcoming Knights Templar celebration in that city.

The freight on oranges to points east of the Missouri has been reduced by the Southern Pacific from \$350 to \$300 a car-load. This makes the tax on each box about \$1.

Los Angeles has been supplied with tomatoes every day during the past winter, notwithstanding the thermometer there has been four degrees lower than before.

The highest trestle on the line of the Northern Pacific is that across Corcoran valley, about 12 miles west of Missoula, M. T. When finished the track level will be 300 feet in the air.

Daniel Leahy, who had been found guilty of murder at Helena, Montana, and who committed suicide the day he was to be hanged, offered the jailer \$500 to allow him to escape far enough to be shot by the guards.

The business of the Walla Walla, W. T., land office during the month of March shows an increase over that of the corresponding month of 1882. There were 64 pre-emptions filed, 29 cash entries, 14 final homestead entries, 55 homestead entries, and 28 timber claims.

At the 13th annual session of the Medical Society of California, the Censors reported recommending the expulsion of Dr. P. P. McD. Miller, late of Oroville, and more lately of Seattle, for the reason that he had obtained membership on a fraudulent diploma.

A few days ago Marion Stills of Wapato, died, and his fate affords a warning to smokers. Four years ago the deceased, while smoking at Sulphur, placed the lighted end of a cigar in his mouth, burning his lower lip and causing a sore that developed into a cancer. This gradually ate away the side of his face and part of the throat, and of late he entirely lost the use of his jaws. From his inability to eat he became much emaciated, and at the time of his death presented the appearance of a skeleton.

Concerning Certain Beliefs of the Past—Dogs That Have Their Day.

George Stephenson's "Rocket" and the magnificent locomotives of to-day are built upon the same general principle, yet the machine with which the great engineer astonished his day is interesting now only as an illustration of the beginning of the invention. There were plasters with holes in them long before BENSON'S CAPSULE POROUS PLASTER surprised both the public and the physicians; and the triumph of the Capsule is founded upon the partial success of the utter failure of its predecessors. Everything of value in the old porous plaster is retained in the Capsule, but at this point all comparison ends and contrast begins. For example:

The old plasters were slow in their action; the Capsule is quick and sure. The old plasters lacked the power to do more than to impart slight, temporary relief in cases of easy treatment; the Capsule penetrates the system and permanently cures the troubles for which it is recommended.

The old plasters depended for any good results they might attain upon an accident of their makers and the naked faith of their wearers; the Benson's reaches its ends by means of the scientific combination of the rare medicinal ingredients which it contains.

In brief, the old plasters, like Stephenson's discarded engine, are switched off the track, while the Benson's goes on its way winning golden opinions from all sorts of people.

Yet in this very fact lies the leading danger to the people who buy and use this reliable and scientific article. "Hypocrisy is the tribute vice pays to virtue." Imitation is the concession failure makes to success. Benson's Plasters are parodied in name and style.

Beware of swindlers. The genuine have the word CAPSULE cut in the center. Price 25 cents. Seabury & Johnson, Chemists, New York.

HOGGS, BUG INSPECTOR.

Some time ago Wm. M. Boggs was appointed Bug Inspector of California. He knows nothing about parasites, except those that are usually captured with a fine-tooth comb, and therefore the papers joshed him until he resigned, whereupon the malicious Sacramento Bee gets its stinger into him in its own peculiar manner, in reporting that organization by a meeting called to pass resolutions of respect to the retiring official: Upon receipt of the news of the resignation of W. M. Boggs as Fruit Pest Inspector yesterday, the United Order of Progressive Bugs held a meeting to express regret at the loss of one whom they recognized as a true friend and ally. A subdued air of grief prevailed throughout and it was evident that the members keenly felt their bereavement. In recognition of his earnest and zealous efforts in the cause, A. Phylloxera, Esq., was called to the Chair, while Scale Bug acted as Secretary, and Jack Grasshopper made a lively Sergeant-at-arms.

EDITORIAL NOTES.

Eastern popular seaside resorts are making preparations for opening, and what visitors may expect this Summer is thus foreshadowed by the New York Mail: "Hymn singing will begin at Ocean Grove in June, and woe unto the man who sells liquor there or keeps his kerosene lamp burning after 9 p. m. For such crimes one is shot in the back with a baked apple first, and then blown from the mouth of a cannon loaded with tracts and oatmeal."

An eminent English statistician thinks that the increase of population in the United States has altered the whole idea of the balance of power of European nations, the rivalries of European governments being restrained by the feeling that they are dwarfed by the United States, and are no longer playing the leading parts in the world's political history.

The business in dressed meat has grown to enormous proportions in Chicago. More than 70,000,000 hogs and 2,000,000 head of beef cattle have been slaughtered there in a year. These are conveyed to the stock yards by 18 different railroads. Nevada, Wyoming and Colorado send many a bullock to eastern markets, and in Chicago markets Nevada beef is considered the nicest they have.

O'Donovan Rossa says Herr Most is a little Dutch coward who would not dare kill a mosquito, and Herr Most says O'Donovan Rossa is an Irish blatherskite who would run from anything that did not look like whisky. Rossa has started for Philadelphia to kill Most, and it is reported that Most has started for New York to kill Rossa. Further particulars will be awaited with interest.

It is said Senator Fair has offered his wife \$3,000,000 as her share of the property if she will consent to a separation, but her lawyer urges her to demand \$10,000,000. If the matter is taken into court interesting developments will be the outcome.

The San Francisco Chronicle predicts that grass will be growing along the line of the Central Pacific Railroad between Truckee and Ogden in a few years. The Chronicle is a little behind. There is plenty of grass growing there now.

The finance committee of the Knights Templar Conclave at San Francisco have issued an appeal to the citizens of that city for funds to assist them in making the stay of the sojourning Knights pleasant.

The new Connecticut law requires that the doors of saloons be sealed by officials every Sunday.

The Bodie Free Press says "See Carson and die" is now the popular refrain in Nevada.

EASTERN DISPATCHES

(PRESS DISPATCHES TO THE GAZETTE.)

Meeting in Honor of One of the Irish Leaders.

PHILADELPHIA, April 27. Martin Froan presided over a meeting in honor of Patrick Egan at the Academy of Music last evening. About 12,000 persons were present, and the stage was filled by notables. Egan was introduced, and spoke earnestly and pleasantly, making no allusion to the convention, and expressed his hope and now confident belief that Ireland would again become a nation. The band played "Wearing of the Green," after which Thomas Brennan addressed the audience. His remarks were in the nature of a sketch of the wrongs of Ireland and the work of the League.

Samuel J. Randall said every honest movement for Ireland and Irish rights and Irish nationality met with his most hearty approval; God would reward Irishmen with success.

Colonel McCure of the Times said the proceedings of to-day's convention would strike more terror to English oppressors than a whole continent of menace. The grandest and greatest blow ever struck for Irish liberty was by the convention to-day.

Alex. Sullivan spoke of Philadelphia as beloved by all liberty-loving people in the world. The new league meant no danger to American institutions. The Irish were distinct from the English and would always be, as God has so made them. England had sentenced the Irish to be a nation of paupers; the Irish need patience and organization.

Father Boylan of Ireland made a very humorous and pathetic speech. He cited one instance where 400 families or 2,800 persons were evicted in one day in a county adjoining his own. James Redpath said the Land League had been the angel that had moved the waters of the great Pool of Siloam.

A Large Gang of Counterfeiters Arrested.

NEW YORK, April 28. The police made important arrests of counterfeiters last night and this morning. They have been working on the case since last August. The first man captured, George L. Stanley, is the alleged manufacturer of counterfeit and Bland dollars. He fought desperately, but was overcome and handcuffed. The next were Matthew J. Rooney, Hugh Carey, Thomas Riley, Thomas H. Kearney and his reputed wife Lena and Patrick Smith. Mrs. Jennie Holden, wife of Jim Holden, now in prison for passing counterfeit money, was arrested this morning. The operations of the gang extended through Pennsylvania, New Jersey, Kentucky, Virginia, Maryland and New York.

The Colored Men Want to Inquire Into Their Condition.

WASHINGTON, April 28. In compliance with the terms of a resolution adopted by the convention of colored men of the District of Columbia which met in this city on Emancipation Day, a call has been issued for a national convention of colored men to be held in Washington on the 24th of Sept., 1883, for the consideration of the present and future condition of the colored people of this country and the best methods of securing to them the full enjoyment of their social and political rights.

The New President of the Irish National League.

PHILADELPHIA, April 28. Alex. Sullivan, who was elected President of the National League, is 35 years of age, born in Maine. He was a Republican until 1872, when, being a strong friend of Greeley, he supported the Liberal movement and has since been a Democrat. He studied law with L. Algernon Sullivan in New York, and has been for many years in successful practice in Chicago.

A Chinese Official Who Went Crooked.

NEW YORK, April 27. The commission of Tom Lee, the only Chinese special deputy Sheriff in New York, has been revoked, a complaint having been made that since his appointment, three years ago, he has not only been keeping a gambling house himself, but he has also been licensing his fellow Chinaman to keep gambling houses and opium joints and lotteries.

The Cyclone Hauling the Lone Star State.

ST. LOUIS, April 28. Texas dispatches say a violent wind storm swept over the north-western part of the State last night, doing much damage at Banham, Polo, Pinto and Belton. A number of houses were blown down, and in Bell county several persons are reported killed. A school house containing 70 children, near Fort Worth, was demolished, but only one child is reported hurt.

Further Particulars of Yesterday's Fatal Railroad Accident.

CHICAGO, April 27. A very serious accident occurred at 2 o'clock this morning to the Pacific express on the Chicago and Grand Trunk Railroad near Bellevue, Mich. The train was composed of through baggage and mail cars, a second-class

coach, two first-class coaches and two Pullman sleepers. It left Port Huron about an hour late, waiting connection. It seems the train was running at a slow rate of speed and not attempting to make up time, when the air-brake hose burst, while rounding a curve. Conductor Halsey and his two brakemen appeared to have set to work to repair the damage made, after which the rear brakeman was not able to go around the curve far enough to prevent the freight train following from colliding with the rear end of the express. The shock was terrible and telescoped the Bay City Pullman coach and badly damaged a Montreal Pullman car. The conductor was heard to groan once or twice, but was dead before he could be reached. Mr. Higgins of Detroit died on the way to Battle Creek, and Howard Fry, Superintendent of motive power of the Western Railroad, died shortly after. Twelve persons were more or less injured.

A Midnight Scare.

IRON RANCH FENCE.

The boss ranch, farm and vineyard fence is now in the market. It is built with iron posts and barbed wire; the post being made of wrought and cast iron. The top of the post is made of one-inch gas pipe and pierced with holes through which a plain wire is inserted, which fastens the barbed wire to the post. The post is cast with three flanges and is twenty-one inches long. The flanges render the post immovable when inserted in any soil.

These posts are placed two rods apart with an iron stay between, and there can be any number of wires and any kind of wire used.

Three men can build one mile of fence per day on good ground.

Fire cannot burn or injure it; cyclones will not move it, and floods cannot wash it away.

I sell fence loaded on cars in San Francisco at \$1 per rod for three-wire fence, and \$1.25 for five-wire fence complete, and to agents at reduced rates which enable a good live man to make from \$100 to \$500 a month on an investment of a small capital in territory, and any one wishing to purchase any county, State or Territory, can get a bargain by calling on or writing me of his desire.

TAILORING ESTABLISHMENT.

MY REPUTATION AS A TAILOR is already established. "The Boss Tailor" lives in all country towns. They advertise shop-worn auction goods; they dispose of cloths not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. MY STOCK

Is carefully selected. It is of the very best of Foreign and Domestic Manufacture and I am prepared to make suits of the latest style, cut from the finest goods, at prices never before equalled. My work speaks for itself. I guarantee a fit in every case. Call and examine my samples and prices. Leave your measure and be happy. Don't be misled by the "Boss." You will always regret it if you do. Before giving your order call at my shop and see for yourself.
